

# CALCULATOR CRUNCH

DAY 6  
2020

Choose 4 different numbers from the grid to add together.  
How many different ways can you get a total of 2020?

483	174	597	225
831	906	714	582
747	358	561	690
927	465	349	159

Keys allowed:

Record the combinations which give a total of 2020.

What strategies did you use to choose the numbers?

What did you notice?
