Gain GP Experience

Why join the GP Live course?

Real-world medical experience

Better than traditional shadowing placements

All online - Can be completed at home

Amazing for personal statements and interviews

Receive a certificate of completion for your portfolio

Think you have what it takes to be a Doctor? Well, now you can actually become the GP. You will take actual patient histories, form diagnoses, order tests & scans and suggest treatment plans.

Our ground-breaking GP Live gives students the opportunity to host their own GP surgery, under the guidance of our Mentors. We have a bank of real medical cases and students will have patients to take patient histories from, and then discuss the assessment with other students and the Doctor.

Unlike other courses that use pre-recorded videos, this course is LIVE and interactive. Students will talk directly to patients and have the full support of the group and our mentors to work through each case. After each case there is a full breakdown of the medical side as well as looking at communication and the role of a Doctor. Real experience, real medical cases and real insight. Better than shadowing a GP - You are the GP!

We have added more dates for our online medical experiences. Please see below for the new GP Live dates.

Additional Online GP Live dates:

18th February 2021 - 10am-4pm

19th February 2021 - 10am-4pm

28th March 2021 - 10am-4pm

12th April 2021 - 10am-4pm

13th April 2021 - 10am-4pm
